

PH Schwäbisch Gmünd
University of Education

INVITATION

**International Comenius Week
Culture(s) and Education
Schwäbisch Gmünd, Germany**

May 2 – 6, 2022

We are living in a world that is shaped by globalization and transformation. This affects education as well as culture. We have a huge exchange of ideas, concepts, and approaches through international collaboration. At the same time, education is still very much based upon local and national traditions. During the week, we will have a look at how culture and education have an influence on each other, and how multiple perspectives on education can make a difference in today's rapidly changing world.

Schwäbisch Gmünd is a cosy medieval town situated in Southern Germany, 50 km away from Stuttgart. At the University of Education Schwäbisch Gmünd about 3000 students are preparing their degrees as preschool, primary and lower secondary school teachers or for health education and nursing.

Please feel warmly invited to meet an international student group, to give an interactive workshop and share your knowledge, your background and experience with the students and with us. You could come on Erasmus STA funds, either for the entire week, or just for two days, according to your plans and interests.

In case you want to join us, please let us know by March 24, 2022, and send an e-mail including your workshop topic to

monika.becker@ph-gmuend.de

Target group: Students in teacher training programmes for Preschool, Primary Schools or Lower Secondary Schools from approx. 10 different countries
