KdG Expert days – Effective classroom management

What do we mean by effective classroom management?

Have class groups become more challenging?

What do we mean by a “warm demander”?

How do we ensure that our students become authentic teachers, and can this be taught? How do we do that?

Do you have experience in this area and would you like to exchange ideas and engage in dialogue? Then this is for you. (Primary and secondary education.)

What's on the menu?

- Exchange on challenges and opportunities
- Practical workshops - How to learn classroom management?
- Presentation of research
- School visit
- Exploration of alternative forms of effective classroom management
