

PHTG Expert Days «Making@School»

Making – the creative and inventing with analogue and digital tools and processes has arrived in teacher training and schools...

The **PHTG Expert Days** are meant to bring lecturers and/or researchers together who have a special interest in how to implement making in schools.

Expert Days «Making@School»

8th – 10th September 2025

(or 23rd – 25th June 2025)

Join us in the **PHTG Makerspace** for 2 days of tinkering, school visits and lively exchanges with an international group !

Swiss staff mobility grants are available to staff from PHTG partner universities (first come, first serve).
